- Reduce pool maintenance time
- Adjusts liquid sanitiser amounts automatically
- One year warranty

WATER CONSERVATION
ENERGY EFFICIENT
ENVIRONMENTALLY FRIENDLY
HEALTH& WELLBEING
AUSTRALIAN MADE & DESIGNED

RolaChem Chemical Dosing

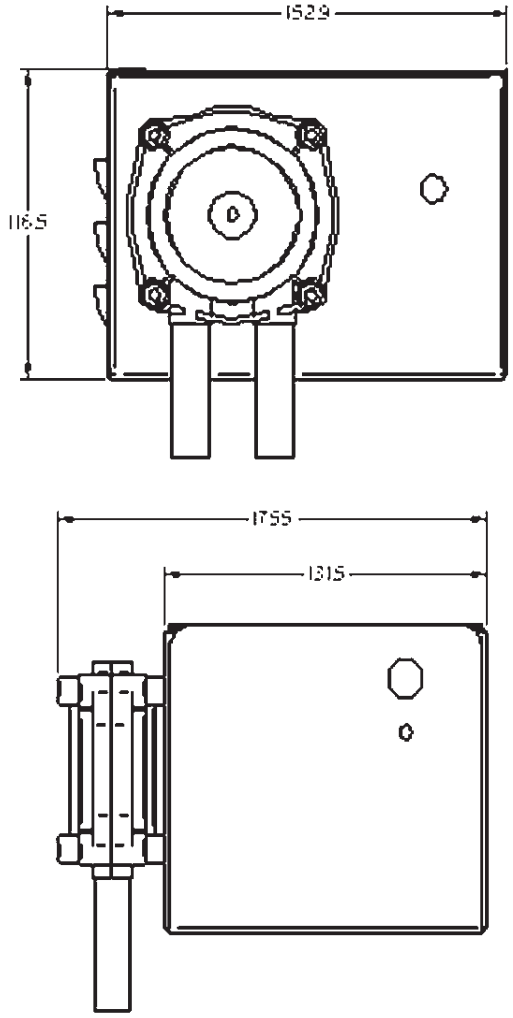
To keep your pool algae and bacteria free doesn't have to be a daily task.

By using the RolaChem RC1 Chemical Dosing System, accurate amounts of chlorine (any liquid sanitiser) or liquid pH adjuster can be selected and adjusted to automatically dose your pool or spa as required to maintain clean, healthy and balanced water.

The gradual dosing of sanitiser and pH adjuster significantly reduces your chemical usage and saves you as much as 30% of your chemical costs by minimising fluctuating levels of chemicals. The RC1 removes the daily need of adding chemicals and much of the guess work in pool or spa ownership. Slow and constant addition of your chemicals creates a healthy pool or spa, reduces time and saves you money in maintaining your pool.

Simple and easy to install the RC-1 is available with various metered pump sizes to handle small spa pools up to commercial or resort sized swimming pools.

The RC-1 is covered by a one year warranty against defects and faulty manufacturing. Refer to the product instructions at astralpool.com.au for full warranty details.



SPECIFICATIONS

pH DOSING

Model	Litres of pH adjuster per hour	Max RPM for a pH adjuster Pump	Pool Size (Litres)
RC1 0/1	0.02-0.2	1	80,000
RC1 0/5	0.1-0.9	5	240,000
